Dynamic new creative hub opens in Godalming

Cake Design and Craven Group are just two major employers now operating from the fabulous Old Mill Studios in Godalming, Surrey. A range of creative businesses can be found there, from established creative designers to some of the best young talent in the South-East.

Whether you need help getting to grips with creating a really effective website, producing an eye-catching brochure, or devising an entire communications strategy – you will find the solution at Old Mill Studios.

Our pool of talent includes designers, artworkers, a heavy-duty web team, copywriters, sound and AV producers, photographers, PR professionals, database managers, event organizers and sales & Marketing strategists.

This September, we will be hosting a special opening celebration to which we would be pleased if you would attend. Not only will you be able to look around our inspirational building over drinks and finger-food, but many of our client guests are likely to be of interest to your business.

In the meantime, if we can be of assistance to you in any capacity, or if you would simply like to come and meet us out of curiosity, we would love to hear from you. Just call our directors John Roberts or Peter Parker on 01483 424 944 for an informal chat.

Looking forward to meeting you soon,

With kind regards

Corinne Wright

Craven opens dynamic creative hub

Good to be in touch with you again. I hope business hasn't been too tough since we last spoke and that things are going well for you personally. As it's been a while since we last spoke, I thought I would take the opportunity to tell you about Old Mill Studios, where we have now moved our business.

All operating under the Craven Group of businesses, a variety of creative disciplines can now be found here, from established creative designers to the best young talent to be found in the South-East. A property developers' one-stop-marketing-shop – at competitive prices – offering creative design and art working, a heavy-duty web team, copywriters, sound and AV producers, photographers, cgi and illustrators, database managers, launch-event facilitators and marketing strategists/researchers.

It's funny what changes the recession brings but, after a difficult time in the UK (but better overseas), we now seem to be returning smarter and fitter; and inspired to make a difference; whether that means adding value, more competitive pricing or increasing visitor traffic and ROI. Back to basics with the benefit of modern technology.

It would be good to meet up again or have a catch up on the phone, so please give me a buzz or drop me an e-mail. Alternatively, in September, we will be hosting a special opening celebration of our new offices which will be sponsored by What House? I hope you will be able to make it, it will be an opportunity to see our inspirational new building and meet some industry friends over a glass of wine.

I look forward to seeing you soon.

With best regards

John Roberts
